Quelques incontournables du PFEQ - Explorateur

Question 1 - Quels apprentissages ai-je réalisés en lien avec le ou les programmes enseignés ?

Since I've graduated recently (less than 10 years), it was a review of the program.

I was also happy to confirm that I am on the right track and it empowers me to continue to IMPROVE and to STRIVE at finding new and better ways to teach English.

Question 2 - Quelles sont les bonnes pratiques pédagogiques que je retiens afin d'accompagner les élèves dans leurs apprentissages ?

FEEDBACK!!!

Giving feedback and guiding students to understand texts, to use significant strategies (for all 3 competencies), to communicate within a safe environment and at the best of their abilities, and to keep them engaged - at the center of their development.

DIVERSITY AND MEANINGFUL LEARNING SITUATIONS!

Question 3 - Quels sont les éléments importants propres aux programmes enseignés sur lesquels je peux m’appuyer afin d’évaluer les élèves ?

Progression of Learning and the MEQ Program are excellent guidelines. In the English program, we have clear and real competencies to evaluate. During COVID, my English department, FEEP (France Legault), and I created clear and concise rubrics to evaluate our competencies. We were also able to share it with our FEEP teaching colleagues at a couple of workshops France, Maxime and I gave a couple of years ago.

We were also able to create rubrics that allow us to evaluate more than one competency by breaking up/picking specific elements to evaluate.
