Sexto response kit 1 - Explorateur

Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force. This training program is designed to equip education sector personnel to act quickly and efficiently with the students in their institution who are involved in a sexting situation. Sexting among teenagers can be defined as the shared production, distribution, and redistribution of sexual content (photos, videos, etc.) via information and communication technologies. At the end of the Explorer level of this training program, you will be able to understand the phenomenon and guide those involved in the management of cases that could be brought to their attention through an intervention tool, namely the Sexto kit. At the Architect level, through interactive organized activities, you will be presented with three fictional cases of sexting in order to consolidate new learning and validate your interventions. The creation of the Sexto kit was made possible thanks to the collaboration of the City of Saint-Jérôme (Quebec), the Director of Criminal and Penal Prosecutions (DCPP), the Canadian Centre for Child Protection, the Crime Victims Assistance Centre (CAVAC), Commission scolaire de la Rivière-du-Nord, and Académie Lafontaine. The Sexto Kit training program was developed by CADRE21 and carried out thanks to the participation of Fédération des établissements d'enseignements privés (FEEP) and funding from the ministère de l'Éducation et de l'enseignement supérieur (Quebec ministry of education and higher education, or MÉES).

Sexto response kit 1 - Explorateur

Question 1 - What have I learned from the Sexto intervention method?

I've learned that the Sexto response kit intervention method will allow me to gather the right information to determine what occurred, the circumstances it was under, and whether this is a criminal/police matter which should be handed over immediately.

Question 2 - What will this training change in my future interventions?

This training will change the way I would have handled previous interventions entirely since it's new information that will allow me to accurately get details surrounding the events that led to any incidents and create a safe space to reassure the person that is opening up.

Question 3 - What will be my focus with the students when I have to intervene?

My focus will be on making sure the person feels safe and reassured while providing a structured way to ask open-ended questions in order to receive the most accurate details of the incident to provide a clear explanation of what transpired.
