

## Preuve et attestation de développement professionnel

### Sexto response kit 1 - Explorateur

#### Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force. This training program is designed to equip education sector personnel to act quickly and efficiently with the students in their institution who are involved in a sexting situation. Sexting among teenagers can be defined as the shared production, distribution, and redistribution of sexual content (photos, videos, etc.) via information and communication technologies. At the end of the Explorer level of this training program, you will be able to understand the phenomenon and guide those involved in the management of cases that could be brought to their attention through an intervention tool, namely the Sexto kit. At the Architect level, through interactive organized activities, you will be presented with three fictional cases of sexting in order to consolidate new learning and validate your interventions. The creation of the Sexto kit was made possible thanks to the collaboration of the City of Saint-Jérôme (Quebec), the Director of Criminal and Penal Prosecutions (DCPP), the Canadian Centre for Child Protection, the Crime Victims Assistance Centre (CAVAC), Commission scolaire de la Rivière-du-Nord, and Académie Lafontaine. The Sexto Kit training program was developed by CADRE21 and carried out thanks to the participation of Fédération des établissements d'enseignements privés (FEEP) and funding from the ministère de l'Éducation et de l'enseignement supérieur (Quebec ministry of education and higher education, or MÉES).

# Sexto response kit 1 - Explorateur

Question 1 - What have I learned from the Sexto intervention method?

I have learned the procedure in which to use the Sexto protocol. I use the guide/questions provided to gather information from the person(s) who have made the complaint. I then contact our local police officer (socio com) to share the information gathered and allow them to do any further investigating.

Question 2 - What will this training change in my future interventions?

The guide/questions will help ensure that all questions have been asked (properly) and that all the appropriate steps have been taken to intervene. It will empower me to know that I have followed all the necessary steps and have supported my students.

Question 3 - What will be my focus with the students when I have to intervene?

The focus is to gather information and not make any judgements. I will also try to support them and let them know that we are taking all the necessary steps to deal with the situation quickly and effectively.
