

Preuve et attestation de développement professionnel

Sexto response kit 1 - Explorateur

Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force. This training program is designed to equip education sector personnel to act quickly and efficiently with the students in their institution who are involved in a sexting situation. Sexting among teenagers can be defined as the shared production, distribution, and redistribution of sexual content (photos, videos, etc.) via information and communication technologies. At the end of the Explorer level of this training program, you will be able to understand the phenomenon and guide those involved in the management of cases that could be brought to their attention through an intervention tool, namely the Sexto kit. At the Architect level, through interactive organized activities, you will be presented with three fictional cases of sexting in order to consolidate new learning and validate your interventions. The creation of the Sexto kit was made possible thanks to the collaboration of the City of Saint-Jérôme (Quebec), the Director of Criminal and Penal Prosecutions (DCPP), the Canadian Centre for Child Protection, the Crime Victims Assistance Centre (CAVAC), Commission scolaire de la Rivière-du-Nord, and Académie Lafontaine. The Sexto Kit training program was developed by CADRE21 and carried out thanks to the participation of Fédération des établissements d'enseignements privés (FEEP) and funding from the ministère de l'Éducation et de l'enseignement supérieur (Quebec ministry of education and higher education, or MÉES).

Sexto response kit 1 - Explorateur

Question 1 - What have I learned from the Sexto intervention method?

I have learnt from the SEXTO intervention method, sharing of sexually content is more prevalent than first assumed. Also, the pictures and/or videos shared can damage a student's life, friends & family. Lastly, long term mental health issues can be effected on an otherwise healthy neurotypical teen.

Question 2 - What will this training change in my future interventions?

This training will help with the dialogue between student and adult when affected by sexting in future situations. Having a resource such as the SEXTO Plan will give me the proper steps to fully engage and interpret the sensitive situation that the youth will be traversing. This will help come to a final solution with as much clarity and humility as possible.

Question 3 - What will be my focus with the students when I have to intervene?

The focus of my intervention will be to handle each case with an open mind free of accusations and with the utmost respect for the accused and victim. Ultimately my goal is to come to a final point where the entire story is heard (by all parties, accused) and the appropriate actions are taken.
