Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force...

Question 1 - What have I learned from the Sexto intervention method?

The Sexto intervention taught me how to approach difficult situations in a calm, structured, and respectful way. I learned the importance of observing and understanding a situation before reacting, communicating clearly, setting appropriate boundaries, and choosing interventions based on the individual's needs.

Question 2 - What will this training change in my future interventions?

This training will help me be more confident and thoughtful in my future interventions. I will take more time to assess the situation before reacting, communicate clearly, and use the appropriate strategies based on the student's needs.

Question 3 - What will be my focus with the students when I have to intervene?

My main focus will be mainly on the student's safety, well-being, and needs. I will remain calm, listen to the student, and try to understand what is happening before intervening.
