# Sexto response kit 1 - Explorateur

Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force...

Question 1 - What have I learned from the Sexto intervention method?

I've learned that sexting is a bigger problem than I thought and that it happens more often than I expected. I also learned the procedure to follow when dealing with a sexting incident and what the police's involvement could be.

Question 2 - What will this training change in my future interventions?

It will change because I now know the right procedure to follow when this type of situation happens at school. I also know who should be involved, when they should be involved, and what steps to take next.

Question 3 – What will be my focus with the students when I have to intervene?

My main focus will be to understand their involvement in the situation, how they feel about what happened, and whether they know exactly what was done. I also want to make sure they feel heard and supported.
