Sexto response kit 1 - Explorateur

Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force...

Question 1 - What have I learned from the Sexto intervention method?

I have learned that an intervention can be done without having to see the content of the texts which protects the student's self esteem and dignity while maintaining a trusting relationship with them

Question 2 - What will this training change in my future interventions?

This training speeds up response time therefor reducing the spread of images. This fast approach is especially appreciated for victims who may fear that their actions will haunt them forever, This is a tool that I will be able use to reassure these students.

Question 3 – What will be my focus with the students when I have to intervene?

My focus when I need to intervene will be on respecting the student, passing no judgements and prioritizing their self esteem while providing information and support throughout the process.
