

Preuve et attestation de développement professionnel

Sexto response kit 2 – Architecte

Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force. This training program is designed to equip education sector personnel to act quickly and efficiently with the students in their institution who are involved in a sexting situation. Sexting among teenagers can be defined as the shared production, distribution, and redistribution of sexual content (photos, videos, etc.) via information and communication technologies. At the end of the Explorer level of this training program, you will be able to understand the phenomenon and guide those involved in the management of cases that could be brought to their attention through an intervention tool, namely the Sexto kit. At the Architect level, through interactive organized activities, you will be presented with three fictional cases of sexting in order to consolidate new learning and validate your interventions. The creation of the Sexto kit was made possible thanks to the collaboration of the City of Saint-Jérôme (Quebec), the Director of Criminal and Penal Prosecutions (DCPP), the Canadian Centre for Child Protection, the Crime Victims Assistance Centre (CAVAC), Commission scolaire de la Rivière-du-Nord, and Académie Lafontaine. The Sexto Kit training program was developed by CADRE21 and carried out thanks to the participation of Fédération des établissements d'enseignements privés (FEEP) and funding from the ministère de l'Éducation et de l'enseignement supérieur (Quebec ministry of education and higher education, or MÉES).

Sexto response kit 2 – Architecte

Question 1 - How can I summarize the steps of the Sexto method?

The SEXTO protocol has many steps;

- Gather all necessary information from parties (witness, victim etc)
- Complete grid so we can figure out if the intent was impulsive vs malicious
- If MALICIOUS call Police and confiscate device.
- If IMPULSIVE contact Police due to sensitivity issue.
- Always collect enough information to discuss with Police and determine the next steps.
- ++Contact DYP if needed.

Educate the students involved and make sure no one feels guilt, embarrassment or uneasiness.

Question 2 - What have I learned from the three situations presented?

I have learned;

- If a parent or someone who is not the victim or witness- refer to the police
- If student comes to you who is directly related to the case- begin SEXTO protocol. It is VERY important that we intervene quickly as the distribution can be quick and therefore we would like to limit the spread.
- Gather all facts from all parties involved to help confirm the authenticity and the intentions of the act(IMPULSIVE vs MALICIOUS)
- ++ Respect Confidentiality at all times and assure the people involved that there should be no guilt or shame.

Question 3 - Which step do I find the most delicate when applying the Sexto method?

- Make sure you get all information needed from all parties involved.
- Make sure you figure out the intention of the act (IMPULSIVE vs MALICIOUS)
- Make sure you remain empathetic throughout the process to ensure the parties involved feel no shame or guilt.
