

## Preuve et attestation de développement professionnel

### Sexto response kit 2 – Architecte

#### Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force. This training program is designed to equip education sector personnel to act quickly and efficiently with the students in their institution who are involved in a sexting situation. Sexting among teenagers can be defined as the shared production, distribution, and redistribution of sexual content (photos, videos, etc.) via information and communication technologies. At the end of the Explorer level of this training program, you will be able to understand the phenomenon and guide those involved in the management of cases that could be brought to their attention through an intervention tool, namely the Sexto kit. At the Architect level, through interactive organized activities, you will be presented with three fictional cases of sexting in order to consolidate new learning and validate your interventions. The creation of the Sexto kit was made possible thanks to the collaboration of the City of Saint-Jérôme (Quebec), the Director of Criminal and Penal Prosecutions (DCPP), the Canadian Centre for Child Protection, the Crime Victims Assistance Centre (CAVAC), Commission scolaire de la Rivière-du-Nord, and Académie Lafontaine. The Sexto Kit training program was developed by CADRE21 and carried out thanks to the participation of Fédération des établissements d'enseignements privés (FEEP) and funding from the ministère de l'Éducation et de l'enseignement supérieur (Quebec ministry of education and higher education, or MÉES).

# Sexto response kit 2 - Architecte

Question 1 - How can I summarize the steps of the Sexto method?

In summary, when a student comes to you with information regarding child pornography (whether they sent it or received it), you are supposed to begin the SEXTO protocol with the evaluation kit. We are in the detection and reporting phase. You interview any student who is involved, or reported to be involved. When necessary, you confiscate their phones to include in the kit. At this juncture, you are in the initial assessment phase. Then, when applicable, you contact the police, to provide them with the completed kits. The police will then determine the next steps. In most cases, this can include educational and preventative measures, and in other cases, when it is considered malicious and not impulsive, further action may be required.

Question 2 - What have I learned from the three situations presented?

I learned that it is very important to determine if an act is viewed as an impulsive act or if there is malicious behaviour, or if there is potential for this. There are different ways to act for each circumstance. I also learned that the moment you are informed that there may be child pornography circulating, you must complete the evaluation grid. I was a bit surprised about the swimsuit picture not being considered. I was unsure what constituted "pornographic" material. My question is whether or not, the person needs to be naked, for it to be considered.

Question 3 - Which step do I find the most delicate when applying the Sexto method?

I find the most sensitive step is what happens once the form is sent to the police. Students may feel intimidated and worried about what happens next. They are worried for themselves, they are worried about what may happen to their friends. It creates a lot of emotional distress. There are many feelings in play here. There is guilt, shame, questioning of loyalty to their friends. There needs to be a lot of work done to navigate all these feelings.
