Sexto response kit 2 - Architecte

Description:

For legal reasons, the use of the SEXTO kit is reserved exclusively for Quebec's education sector personnel. In addition, its use must be the subject of a prior agreement between the police force that serves the territory where the school is located and the Director of Criminal and Penal Prosecutions (DCPP). Please note that an attestation badge will only be attributed to personnel at education institutions in a territory where such an agreement has been concluded. Before completing the training program, it is therefore recommended that you validate this information with your superiors or your police force...

Question 1 - How can I summarize the steps of the Sexto method?

The kit generally begins with the initial person reporting the incident then follows to other parties involved. There is an assessment if the situation falls within the bounds of the program - both in severity and relation to the school. Police are involved if the situation merits it according to the protocol.

Question 2 - What have I learned from the three situations presented?

We follow the protocol even if the situation isn't pornography per se. We begin with the initial reporter, and in some cases that do not fall within school personnel we refer people directly to police.

Question 3 - Which step do I find the most delicate when applying the Sexto method?

When dealing with the victims. We must be sensitive to their distress.
