Colloque Competency 2 : the REAL DEAL

1 - Integrate three pedagogical practices related to reinvestment tasks as soon as I come back to school. Identify your actions and explain your choices.

Change the way I do the questions related to the novels. Use them as practices for preparing C1 discussion.

Create 1 C2 as we have seen to improve my units.

Use some applications shown to improve feedback and to improve the rapidity to give them back so that it is meaningful.

2 - Experiment two new concepts learned in the workshops in the next school year. Identify the new concepts (one for each workshop) and name the changes required to make these changes.

First workshop: novels

Use one idea related to my book Schooled The Bloom Ball or the character's cellphone.

Second workshop: evaluation

Use the app Talk and comment when I do feedback on student's work

3 - Develop a better understanding of one element that was discussed during the day. Name the element.

A better understanding of the C2

You need to bring the student to reinvest their understanding of oral or written texts in something new they have to create.
